Greetings to all in the name of Jesus Christ our Lord and Savior. It is indeed a privilege to be in the Lord's work with so many co-workers.

CAROLINA BIBLE CAMP

7th week this year was a wonderful experience! Andy King and his staff had everything under control even when the unexpected popped up. The classes were very well thought-out and the week was well structured. There is one thing that I can say about camp: without it's influence it would have been harder to keep the influence of the world out of my grandson's life.

The calm before the storm

When we fail to see the good that is being done by studying the Bible and the good influences of a Christian environment, we do a grave injustice to our young people. We need to work together to make camp a good experience for them.

MONDAY NIGHT CLASS

A Monday night class is in progress at the mission office at 7:00pm. For the next few weeks we will be studying fellowship and church discipline. Come be a part of this class. Upcoming lessons that have been suggested by the class include: Small Group Sunday Night, Children's Worship, Women's Role in the Church, What should be done when an elder is not effective (life change & his influence in the community &/or congregation is not good)?, Examples of when men in the Bible sinned, but God has still found a way to show His power through that.

**Monday night class is open for all who want to attend.
Come and be a part.**

MORE on SAMOA

Teaching in the PIBC is a very good way to connect with congregations that are hosting. When you have fellowship with the people that you are teaching it strengthens the bonds of Christianity. Mission trips take a lot of preparations! But it is all worth it. The Christian friends will never be forgotten.

The night before Ladies class ... getting it all together

Sometimes you have to go where the Church is even if it is to Aleisa Samoa

Kids around the world love to sing

The congregation at Pearl Harbor

Sunday morning ladies class at Pearl Harbor

We were privileged to worship with the Church at Pearl Harbor. It was so wonderful to worship with fellow Christians and workers for the Lord.

POLISHING the PULPIT

WOW

Renew Refresh Restore

Big numbers, big classes, big subjects and lots of Bible. At PTP there is something for everybody. It does not matter if you are 3 or four score and three, if you are an elder, deacon, preacher, missionary... Some might say I am none of the above . I tell you this, if you are truly trying to follow the Bible

as God's Word, here is where you can find the answer to that nagging question that you have had for years. Bible Questions are answered with the Bible. It's a time to spend with other Christians of like precious faith. It is a time to be refreshed by conversation with both old friends in Christ and new friends just made. You never know who you might see or hear. It might be that gospel

More than 3800 people and the singing was outstanding

preacher that you have heard on GBN or the missionary that your congregation has been supporting for years. It could even be an old collage room mate from by gone years. There is always the chance it might be that college teacher that you had last

semester or the instructor of your "Preacher and His Work" class that you had in preaching school.

TRI-CITIES SCHOOL of PREACHING

Our grandson Logan started school at Tri- Cities School of Preaching and Christian Development and right off the bat he is causing a stir with his Samoan lava lava.

We are privileged to work for the Lord with your help in prayers and support. We thank you.

Workers together in Christ
